

Boulogne-Billancourt, 11th mai 2017

## PRESS RELEASE

### **Waves in City®, the French creator of artificial wave surfing, announced its projects in France.**

Many surf parks projects flourish throughout the world. Surfing is an Olympic discipline since August 2016 and there is an accelerating project effect. Lots of ad effects nevertheless the first surf park, Snowdonia Surf park, opened in the summer of 2015 in the north Wales. The second, Nland Surf Park in Austin Texas, opened in August 2016. In total it is 20 projects that would be underway around the world. **Waves in City®** is developing 2 projects in France.

#### **1. The Waves in City® Paris project : the French pilot project...**

The **Waves in City®** implementation in Paris, with several lands in process, is carried out with the local actors and the French Institutions.

The regional council said : « The **Waves in City®** project is of great interest in the development of sport and leisure tourism in the région. »

The site of Paris is located in the suburb, well served and at 45 minutes far from the center of the city. It is a « Grand Paris » site and possibly an Olympic site for Paris2024.

Depending of the deadline, the official site will be announced in the second half of 2017. The works should begin in early 2018 for an opening scheduled for the summer of 2019.
